An Indiana Man.

Captain Richard H. Collum, of the navy, who, according to recent dispatches, was ordered to Aspinwall with a force of marines, is a native of Indiana, having formerly lived at Jeffersonville and afterward at Shelbyville, but now living in the East. He is soon to be placed on the retired list, under naval regulations. Captain Collum is a man of fine appearance and wide experience. He spent a number of years in the Chinese waters, and while there made himself familiar with the customs, etc., of the Celestials. He gave one or two lectures on the subject when home on a furlough, which were of great interest. He also has supplied his children with numerous Chinese toys of rare pattern, and has his home filled with all sorts of Chinese and Japanese toys, wares, puzzles, etc., which never fail to furnish amusement to the visitor who calls on the gallant Captain and his family.

A Worthy Successor.

When the Directors of the Mutual Life Insurance Company, of New York, met on the 4th inst. to fill the vacancy caused by the death of President Winston, they acted wisely in electing to that responsible position Mr. Richard A. McCurdy, formerly Vice President of the company, and a gentleman who has long been one of its most active, earnest and trustworthy officers. The mantle of the lamented Winston could not have fallen on worthier shoulders.

The Boston Quintet Club, with the celebrated soprano, Madame Cora Giese, gives an entertainment at Plymouth Church Monday, April 13. This will be a treat seldom enjoyed, and lovers of music will take advantage of the opportunity. The club is so well known that those who have heard them will need no second invitation to hear them again.

LADIES:

Should you happen to notice a particularly handsome and well fitting Dress, a stylish Bonnet, a novel and beautiful Wrap, worn by some member of the fair sex, the chances are two to one that it was made or sold by us. We have sent out from our Dress-Making and Millinery Departments this Spring some of the finest and most satisfactory work that has ever been seen here. We have the Materials, we have the Facilities, we have the Talent, and can therefore produce the desired effect. We have no disposition to overcharge, and can turn out work unequalled by any establishment in the West at much lower prices than the same class of work and style can be obtained in larger cities. Ladies throughout the State will please bear this in mind, and a trial order will convince them of the truth of these statements. Our spring stock is now in and being duplicated as fast as possible, but there are many novelties in Silks and Dress Goods that we can not find again in the market, and ladies who care most will find the most complete stock to select from.

We have every desirable Novelty for Ladies' Dresses, Costumes and Wraps, with Rich and Suitable Combinations and Trimmings.

TO GENTLEMEN:

We desire again to call attention to our Tailoring Department. This Department was started about a year ago, and it has made rapid strides in the favor of the best Dressed Men in this City and State. We started out with the idea that we could give our customers the best materials that we could procure, and have them cut and made by the best workmen, and produce a suit at a profit which in all instances is confined simply to material. We do this to enable us to buy large and import directly from manufacturers. Try us once and you can not fail to be satisfied with the result. We carry an enormous stock of the best materials, and guarantee to give you as well made and stylish a suit as can be produced. The prices are less than anywhere else for the same class of work.
